WHOLESALE TRADE-LIST

SPRING 1905

BAY STATE NURSERIES

Windsor H. Wyman

North Abington, Massachusetts

QUICK TRANSPORTATION TO NEW YORK, BOSTON AND THE WEST.

Our Nurseries are so located that consignments to either New York or Boston points arrive in these cities next morning after leaving the nursery. Shipments to New York points leaving here at noon, travel by Fall River Line Steamers, arriving in New York at seven o'clock the following morning, and are promptly forwarded to consignee. Goods for Boston points leave here in the evening and are delivered in Boston by N. Y., N. H. & H. R. R. the following morning. We have forwarding agents in both cities who see that no delay occurs in the delivery of our goods.

THE PACKING SEASON

The spring packing and shipping season usually opens here about the 1st of April and continues until the middle of May.

Evergreens may be moved at any time until about June 1st.

DIRECTIONS FOR SHIPPING

Parties ordering are requested to state explicitly the mode of conveyance by which they desire their stock forwarded.

When no route is designated, we exercise our judgment ; but in no case do we assume any responsibility after packages are shipped, unless for our own mistakes. When losses occur by detention, claims should at once be made on the forwarder.

INSPECTOR'S CERTIFICATE ACCOMPANIES EVERY SHIPMENT

CONDITIONS OF SALE

First.—The articles on the following list will be furnished at the annexed prices only when the quantity specified shall be taken. **Five hundred** will be furnished at the **thousand** rate ; **fifty** at the **hundred** rate ; and **five** at the rate per **ten**. *Single plants at double the rate per hundred.*

Second.—While we exercise the greatest care to have all Trees, Shrubs and Plants genuine and reliable, and hold ourselves prepared to replace, on proper proof, all that prove untrue, *we do not give any warranty, expressed or implied ;* and in case of any error on our part, it is mutually agreed between the purchaser and ourselves that we shall not at any time be held responsible for a greater amount than the original price of the goods. **No complaints will be considered that are not made within ten days after receipt of stock.**

Third.—The prices annexed do not include the boxes or bales. A charge equal only to the actual cost of the boxes or the material used in baling is made. No charge for conveyance to freight station.

Our terms are cash, unless by special agreement. We can ship by express C. O. D., when desired, with charges for collection added to the bill,—provided 20 per cent. of the amount of the order accompanies the same as a guarantee. Said guarantee will be required only from parties with whom we have no business acquaintance. **All bills remaining unpaid December 1st in fall and June 1st in spring, will be subject to sight draft without further notice.**

Ornamental Department

NOTE.—In compiling this list, we have endeavored to include only such varieties of stock as we now have in our nurseries, in the sizes and quantity offered. In filling orders, we shall grade stock according to these specifications. Should orders be received for sizes not found in this list, or should any specified grade be exhausted, we will send the nearest size we have in stock at the time the order is received and charge accordingly, unless otherwise advised.

LOCATION OF BAY STATE NURSERIES.

NORTH ABINGTON is located eighteen miles south of Boston, half way from Boston to Plymouth Rock, on the Old Colony Division of the N. Y., N. H. & H. K. R. Trains leave the South Union Station for North Abington about every hour during the day.

Commonwealth of Massachusetts.

STATE BOARD OF AGRICULTURE.

Official Certificate No. 32

Boston, Aug. 27, 1904.

TO WHOM IT MAY CONCERN.

This is to Certify that I have this twenty-seventh day of August, 1904, completed the inspection of the nursery stock of the Bay State Nurseries (W. H. Wyman, Prop'r) grown at North Abington and Rockland, State of Massachusetts, and find it to be apparently free from the Jan José Scale and other injurious insects and diseases which might be transferred on Nursery Stock from the Nursery to the orchard or garden.

This certificate is good until July 1, 1905.

(Signed) H. T. FERNALD, Inspector.
